PRESS RELEASE

Macau Leads Largest Portuguese Speaking Doctors Delegation to Beijing

The Sino-Luso International Medical Forum Series 18 will be making its debut in Beijing from May 14th-17th, 2014.

This medical event marks a major milestone for Macau: it is the first time a Macau scientific conference is presenting in Beijing in partnership with the National Health and Family Planning Commission (NHFPC), formerly the Ministry of Health.

Titled "Medical Errors in Surgery and Simulation Training", this forum will welcome officials from every Portuguese speaking country.

The event is organized by Forum President, Dr. Manson Fok, Dean of the Faculty of Health Sciences at the Macau University of Science and Technology (MUST).

Remarks Dr. Fok, "We are proud to be bringing our 18th Sino-Luso International Medical Forum to Beijing. Our delegation of esteemed medical colleagues and diplomats from the Portuguese speaking world marks a momentous occasion for our efforts in training medical professionals in China."

Dr. Fok continued, "We are extremely honoured to have the support of the National Health and Family Planning Commission and the attendance of the minister."

The Sino-Luso International Medical Forum working committee is in the midst of preparing a list of ceremonial activities, workshops and scientific lectures.

Over 32 prominent Portuguese speaking medical experts and scholars will present to over 500 surgeons and medical professionals. There will be a strong diplomatic presence from the embassies of Portugal, Brazil, Angola, Mozambique, Cape Verde, Guinea Bissau, East Timor and São Tomé and Príncipe.

The Air Force General Hospital of Beijing, the NHFPC's Human Resource Center, and the more than three million members strong Chinese Medical Doctors Association are also key partners.

To highlight the importance of this Sino-Luso relationship, an official meeting will be scheduled for invited diplomats and scholars to meet and greet the NHFPC Minister.

A special MOU signing ceremony will be held on May 16th at 9am at the Beijing International Convention Center.

Launched back in May 2011, Sino-Luso International Medical Forums are academically chaired by the Faculty of Health Sciences at the Macau University of Science and Technology (MUST).

These meaningful medical events are supported by the Chinese Medical Doctors Association, the National Health and Family Planning Commission, PRC as well as a list of outstanding healthcare organizations and Portuguese speaking associations in Macau.
